& GROOT GROOT

Groot & Groot is a family business having more than 25 years of experience cultivating peonies, both flowers and planting material. The production of our peony flowers takes place in multiple countries; The Netherlands, Italy and South-Africa. Our products are being exported all over the world to more than 30 countries every year. With a young, driven and innovative team we focus on high quality peonies produced with passion.

&

HOW WE DO THINGS!

TOP QUALITY

Groot & Groot Peonies strives to offer peonies of the highest quality possible to our customers. We can realize this because of our unique methods during; cultivation & harvesting and processing. This goes for both fresh flower and root production. Our entire company is organized to secure the highest quality possible in relatively large production amounts. We invite you to visit our company if you're curious about our procedures!

EXCLUSIVITY

Groot & Groot Peonies is also reviewing its assortment continuously. We strive to be innovative and offer our customers the most exclusive and latest available varieties.

FRESH PEONIES ALL YEAR ROUND

Groot & Groot Peonies offers its customers year round supply of fresh peony flowers. We can realize this because of our production farms and partners in multiple different climate zones. At this moment we have production locations and partners in: Italy, The Netherlands and South-Africa. Groot & Groot Peonies operates on a global level and has significant experience in doing business abroad.

GLOBAL OPERATIONS

With the latest and best varieties, production locations in various countries, national and international sales channels and service-oriented sales, Groot & Groot tries to color the world with its peonies.

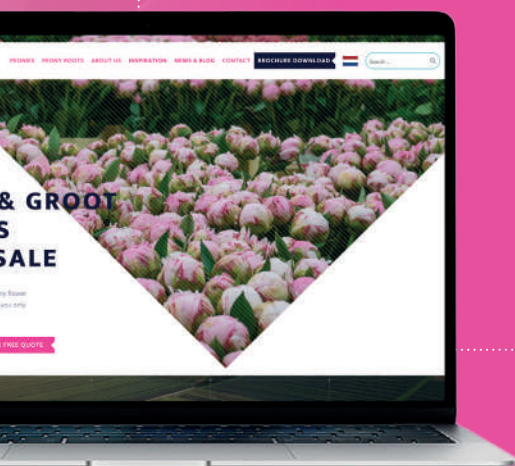

Learn more about us?

WWW.GROOTGROOT.NL

WORLD-WIDE DELIVERY

Groot & Groot Peonies delivers its flowers and peony roots in more than 30 countries worldwide. Because of that we have significant experience in dealing with export legislations and transportation. We also have multiple logistical channels that we can use, so we can offer efficient and high quality delivery of our products.

Let's colour the world with Groot&Groot peony roots

QUALITY PRODUCED WITH PASSION

The planting material we sell is all grown and produced locally. Our passion for the peony product results in the highest quality standards possible, from production until delivery to our customers.

WIDE ASSORTMENT

We offer a wide assortment of peony roots for all possible markets. Our assortment holds both the older more common varieties as well as the worlds newest and exclusive varieties and seedlings. All in the best and most heavy quality possible.

WORLD-WIDE DELIVERY

Groot & Groot peonies are available worldwide. Throughout the years we have been gaining the experience to export and deliver our peonies to

over 30 different countries. Our internal procedures are designed to match all country specific requirements when it comes to exporting and importing peony roots.

SERVICE

Service to our clients is an absolute priority. We process our peony roots to the wishes of our customers. With our customer service and specific cultivation advise we try to help our clients in the best possible way.

PEONIES FOR ALL PURPOSES

The wide assortment we offer is suitable for all possible purposes. We offer varieties suitable for cut flower cultivation, cultivation in pots and colorful varieties for gardening and landscaping purposes.

WE SUPPLY THE FOLLOWING MARKETS WITH OUR PEONY ROOTS

CUT FLOWER PROJECTS

We can deliver high quality roots in large quantities for your cut flower peony projects.

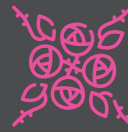

COLLECTORS & GARDENERS

We offer multiple exclusive varieties that are wanted amongst collectors and gardeners.

POT GROWERS

We can supply multiple peony varieties that are perfectly suitable for pot cultivation.

LANDSCAPING

We can supply a wide range of varieties that are suitable for all kinds of landscaping projects.

HYBRID/LACTIFLORA STANDARD

Hybrid/Lactiflora Standard

The category "Hybrid and Lactiflora" contains varieties for all purposes. It holds common and historically productive varieties for flower production, as well as compact and more easy flowering varieties that are suitable for cultivation in pots. It also contains very strong varieties that are producing heavy flowers for the gardening market.

ITOH STANDARD

Itoh Standard

The “Itoh standard” category is characterized by the high ornamental value and the extremely vigorous plants it contains. Those characteristics makes the Itoh a very popular category for the gardening and pot cultivation markets. Itoh’s are also well-known in the dry sale markets.
